### **Offer**

1. Salary
2. Accommodation Supplement
3. Afternoon tea

### **Working Experience**

I got this internship information from NKFUST library. They asked us to prepare resume and interview. I am glad to have this opportunity to worked in china, especially in GTA. I worked as a product manager assistant in Resource Construction Division. First month, our adviser helped us to write an outline of textbook. Later, I and my team member need to finish whole book by ourselves. It is a special experience.
